Office of Management and Budget
Washington, D. C. 20503

Dear Mr. Marik:

The proposed revision of OMB Circular No. A-45, Revised, as outlined in your memorandum of 12 August 1974, has been reviewed as requested, and this Agency has no objections to the proposed amendments. In practice, the revision should simplify the application of equitable rental rate adjustments on a more timely basis.

Sincerely,

/s/John E. Blake
